

Winter/Spring Athletic Events

Instructions for our parents/guardians:

Credit/debit card machines are now available to swipe and make payment to enter events such as athletic games, plays, etc. at Harrison County Schools right at the gate!

You may also continue to purchase your tickets online as the majority of our parents did during the fall sports season. *****We do ask that you now bring your receipt or have it available on your phone.**

Your receipt will be scanned at the gate for entry versus looking up names on lists.***

The county will still be honoring free entry for Harrison County Students, School Employees, and Senior Citizens from our levy funding – no need to go online at all for these tickets. Just bring your IDs/Badges with you for entry to the game.

If you have not previously purchased tickets or other items online: the link to get registered or to login and purchase tickets is <https://hcschools.schoolcashonline.com/> Once you are registered, just look for the athletic item under your student's tab online and click the number of tickets in the quantity box that you want to purchase. Several schools have also provided a household pass to family members that you will also need to bring to games for entry as well due to Covid.
