Dear Junior Parents/Guardians,

We, the Advisors of the Class of 2020, just wanted to update you on the status of prom for this year. Students have been hard at work and have formed numerous committees. They have sampled food from restaurants and chosen a menu. The date has been set. Measurements for decorations have been taken. Committees are working on invitations, table décor setups, favors, and more. Coronation committee met last week and decorating committee meets almost weekly. We are in the crucial planning stages with just two months left until the big day!

As always, at some point we will need parent/guardian assistance with manpower, possibly loans or donations of decorative material, and your time the day before to pull it all together. Below is a link and QR code for a parent survey to see who can help, with what, and when. Pending the results, we will set up our first parent meeting. We will try to hold meetings only on school days and in the evening after school. One big change for anyone who has previously worked with prom here is that all purchases go through the office. There are no longer reimbursements and cards no longer leave the building with teachers or parents. We will talk about this at the first parent meeting. Until then, think Moroccan lanterns, lots of color, desert oasis, sand dunes, camels, palm trees, and sunsets ☺.

We believe the process has been streamlined and fine-tuned to allow for maximum student input and enjoyment of the event by all those involved.

Theme: Arabian Nights
