

Campus Visitation

Robert C Byrd National Aerospace Education Center

Saturday, April 22ND, 2017
2:00 to 3:00 PM

→ **Aviation Maintenance Technology**

The RCBNAEC prepares you for unique career opportunities and certification in the dynamic field of aviation. Dedicated faculty and staff are available to lead you on your path to success. Modern facilities enhance the learning environment and practical application of your knowledge to assist in developing your aviation skills. This training leads to jobs with some of the largest local and international companies in the aviation industry who are currently seeking certified professionals.
