

SENIOR PARENTS

Critical information is needed. In order for Jostens to better serve you during your students' senior year and getting prepared for your upcoming Graduation Celebration, they will need you to click on the link provided below.

It will take you to an online quick survey so they can keep you and your senior informed with information regarding the ordering and delivery of your cap, gown and tassel as well as Diploma information.

This survey needs to be done by **10/1** so we can start sending ordering information out. You can go to the link attached or put your mobile camera over the QR Code.
