

UNITED HIGH SCHOOL

At the end of the 2016-2017 school year, United High School held its first annual graduation ceremony. United High School graduated a total of 33 students. Many graduates from United High School were able to get their core credits, complete a Career and Technical Education program, or finish the Options program. UHS's graduation had attendance from the community and families of graduates, the school administration and staff, in addition to Dr. Manchin, Mr. Fratto and Mr. Kirby. WV Teacher of the Year for 2017, Mrs. Toni Poling provided a keynote graduation speech on the topic of perseverance. As the 2017-2018 school year progresses, UHS is continuing to offer half day and full day classes for students. Many students are enrolled at UTC working on a CTE program. Additional students are working in the Options program. By May, this year's UHS students eligible for graduation could be on par if not more than last year. UHS students continue to fulfill the school motto of "ARISE" just as their mascot the Phoenix does.
