

Harrison County Schools adds outdoor WIFI Zones throughout the county

Harrison County Schools has added outdoor WIFI Zones at several school locations throughout the county. Families can utilize any location they wish. Student and employee devices will connect automatically. Personal devices are welcome to connect to HCS_BYOD (Bring Your Own Device).

The username and password will be your child's student (or employee) network account (enter credentials, accept the terms, and join). You are welcome to drive up and use any of the following service locations:

| | |
|--|--|
